BURNS WILL SERVE FIVE YEARS IN PEN

MAN ACQUITTED OF CLEARMONT BANK BURGLARY CONVICTED.

JURY OUT SHORT TIME

Burns Was Charged With Daring Holdup of Members of the "Saturday Night Club."

The following is from Wednesday's issue of the Sedalia Democrat about O. J. Burns who was given a sentence of five years in the penitentiary. O. J. "Bobbie" Burns, on trial in the circuit court the two days charged with highway robbery in a holdup at the "Saturday Night Club," was found guilty by a jury at 12:10 o'clock Wednesday morning and his punishment fixed at five years in the state penitentiary.

The case went to the jury after a hot legal battle, which ended with arguments of counsel at a night session.

The jury deliberated for four and fifty minutes.

When the verdict was read a silence fell on the court and Burns seemed deeply moved. His wife and sister, Miss Kathleen Tammaly, who sat in the court room during the entire trial, broke down and wept.

The case was one of the most interesting cases tried in the Pettis county court for some time, and the court room was crowded during the entire trial. Several of the best lawyers in the city were employed, and for two days and half a night they carried on a great legal battle.

Prosecuting Attorney A. L. Shortridge and George F. Logan, the latter employed to assist in the prosecution by those who were held up and robbed, presented a strong case against the defendant. They brought forth witnesses, men who were in the room at the time of the robbery, and who had previously been friends of Mr. Burns, who stated that they positively identified him as one of the masked men. One recognized him by his walk, another by his eyes and a third by a ring and black spot on his thumb.

The attorneys for Burns, Roy Rucker and W. D. O'Rannan, also presented a mass of strong evidence in favor of their client. One witness, who knew Burns well, lived neighbor to him, who was in the room at the time of the robbery, stated that the man testified to by another witness as Burns, positively was not Burns. Other witnesses who knew him well, testified that they did not recognize the masked man as Burns. Burns' testimony accounted for practically every minute of his time during the hour preceding and following the holdup.

Some of the best arguments ever heard in Pettis county were made by attorneys in this case.

On the morning of March 21, about 1:30 o'clock, nineteen Sedalia men were at a session of the "Saturday Night Club" in a room on East Second street when four masked men rushed into the room, ordered them to hold their hands up, and robbed them of money and jewelry amounting to about \$2,000. The following day a tin pin valued at \$1,500, taken from the cravat of J. R. McAllister, was returned to him by one of the members of the club who stated that he found it in his pocket. Sunday evening the men reported the robbery to Sheriff Bolton, who on information signed by J. R. McAllister, arrested O. J. Burns, Frank Carey, Irving Edwards and "Bobbie" Wells. Following the preliminary hearing Wells was dismissed and Edwards was discharged on the morning the Burns trial started. Burns obtained a severance to be tried alone, and Carey is yet to be tried on the same charge on which Burns was convicted.

The first step toward the appealing of the Burns case was taken Wednesday morning when attorneys for the defendant filed a motion for a new trial.

Frank Carey, through his attorneys, W. D. Steele and Wilkerson and Barnett, asked for a change of venue, which was granted to Warsaw, Benton county. The trial was set for July 12.

WILD CONVENTION AT SAVANNAH TODAY

Savannah, April 30.—One of the wildest conventions held by the Republicans was the one in this town today, the Republicans of this district meeting to select two delegates from this district to the national convention at Chicago. The credentials committee seated the Philley delegates from St. Joseph but the Boyer-Albus delegation refused to leave the court room and held a convention of their own. Lewis Randolph of St. Joseph presided over the Boyer-Albus meeting while Merrill Otis of St. Joseph was chairman of the convention. Several fights took place and finally the Boyer-Albus delegation were forced to leave the court room.

The convention selected C. U. Philley of St. Joseph and L. C. Cottrill of Savannah. The alternates were W. A. Rankin of Tarkio and Mrs. Arthur Lee of Maryville. The Albus-Boyer convention selected John S. Boyer and John Albus of St. Joseph and alternates as L. P. Randolph and Dr. Carrion of St. Joseph.

WET AND DRY FIGHT AT G. O. P. MEET

ST. LOUIS TO SEND HUGE DELEGATION FAVORING WET ISSUE.

ARE AGAINST SPENCER

The Dr's of the Party Are Favoring Spencer and Arthur M. Hyde.

By A. T. Edmonston.

Jefferson City, Mo., April 30.—The paramount issue which will confront the "gops" of Missouri when they assemble early in May at Kansas City for their state convention, is the wet and dry problem, chiefly due to the extremely dripping characteristics of the majority of the huge delegation of the irrepressible crisis. St. Louis, has selected to represent it at that momentous party event. With kicking hip pockets indicative that the invading "John Barleycorn" bunch is fully prepared to withstand a drought of two days duration, "if the city on the Kaw is as arid as national prohibition intends it to be, the St. Louis "gops" after each has imbibed a good sized shot to supply the necessary stamina, will proceed to loudly exploit their opposition to the renomination of United States Senator, Selden P. Spencer, and to the selection at the August primary of the former progressive leader Arthur M. Hyde of Trenton as the gubernatorial standard bearer. Doctrinal disciples from Kansas City, St. Joseph, Sedalia, Springfield, St. Charles, Ste. Genevieve, Hermann, Washington, Cape Girardeau, Jefferson City, Joplin and other Missouri cities, firm in the belief that the joy was taken out of life the day the Federal lid was tightly clamped down, will join in the hue and cry that the convention must emphatically go on record in opposition to prohibition and that only faithful devotees of Gambrinus should be inducted for places on the state ticket named primary day. Pro-German delegates from Franklin, Gasconade, Osage, Cole, Jefferson, Warren, Perry, St. Charles and St. Louis counties, with a chuckle of glee will insist that the steam roller which is to be used to suppress Spencer and Hyde for their prohibition proclivities and activities, must be well oiled before it is brought into use to avoid a hitch or flaw on the job. And that the convention platform include a plank so water-logged, that the mere reading of it will produce a high state of exhilaration and exuberance.

"Wet" Callope to be Jammed.
Suffice for the Kansas City convention program of the parched "gops" from St. Louis and other former "wet" Missouri republican strongholds. All would be well for the anti-prohibitionists of that party if they were in the majority and could readily suppress all opposition to their "wet" propaganda, but being hopelessly in the minority in the state as a whole at the ratio of two to one, there still remains to be related the other side of what really will happen at this coming partisan gathering. Republican delegates from ninety of the one hundred and fourteen counties of Missouri, both men and women, who will attend the Kansas City gathering stand absolutely firm for Federal prohibition and are never backward in promulgating this fact to the world when the occasion requires. This "mighty dry army of "gops," to be slightly augmented through the addition of a few scattering prohibitionists who managed somehow to get on the delegations which represent the "wet" areas of the state, in full feathers and war-paint, will create a tremendous din when the John Barleycorn forces of the big cities are put to rout, the inebriant plank badly splintered, and a monkey-wrench tossed into the

R. E. GOBIN BEGINS TO SERVE TWO YEAR TERM

Parole Revoked by Violation of Law at Death, Nev.—Sheriff Dowden Returns Last Night.

Sheriff John Dowden returned home this morning from Jefferson City where he took R. E. Gobin to the penitentiary to serve out a two-year term for giving a bogus check to the Red Cross here over a year ago.

Gobin was recently arrested at Death, Nev., on a charge of stealing \$500 from the station agent at that place. The money was on four checks and at the time of his arrest two of the checks were found on him. He told the authorities that he was under parole of the circuit court here and appeared anxious to serve out his term here instead of standing trial at Iko, the county seat of that county, where it was likely he would have received a term of fourteen years.

Gobin's mother and sister are living at Death.

Sheriff Dowden made the trip to Nevada and brought Gobin back to the penitentiary at Jefferson City.

OLD COUNTY SETTLERS
MOVE TO CALIFORNIA

After having lived in Burlington Junction and vicinity for more than a half century, and having seen the country transformed from the raw state into one of the most fertile and prosperous sections in the entire country, Mr. and Mrs. W. H. Davis left this morning for California to make their future home.

Mr. and Mrs. Davis were among the first settlers from Ohio to come to the Nodaway valley, and they are among those to whom the credit is due for the development of the country's resources. They were married here, and lived on a farm in Nodaway county for a great many years, and were here long before Burlington Junction was ever thought of. Mr. Davis still owns some farming land near town, as well as considerable town property which he had platted for city lots.

Mr. and Mrs. Davis were accompanied by Mr. and Mrs. F. S. McMackin, who also have sold their home and other property here, and are to live in California in the future. Mrs. McMackin is the daughter of Mr. and Mrs. Davis, and they will all live together or near each other in California.—Burlington Junction Post

Want New Road in East Grant.

S. P. Curnutt and John Maher went to Maryville the first of the week to see about the opening up of a new road. A petition had been circulated and presented to the County Court calling for a road beginning at the west side of Curnutt's farm and running east to the road, coming out near the Wm. Beggs house. The Court came down Saturday to view the road and were to have made a decision Tuesday but the death of a relative of Mr. Bailey caused a delay in the decision. We understand there is some opposition to the proposition.—Barnard Bulletin.

CHALMERS

Hot Spot and Ram's-horn
Solve a Serious Problem

THOSE who understand motor cars know that the prevailing weakness is the inability of the various engines to deliver satisfactory results from gasoline. Gas has gone down and down in grade and engines have not been redesigned to meet the lower grade of fuel.

Chalmers engineers were first to supply the answer to this serious problem. They devised the Hot Spot and Ram's-horn.

The raw "gas," too heavy for the carburetor to vaporize it properly, strikes the Hot Spot, and the result is much like a drop of water falling on the top of a red-hot stove.

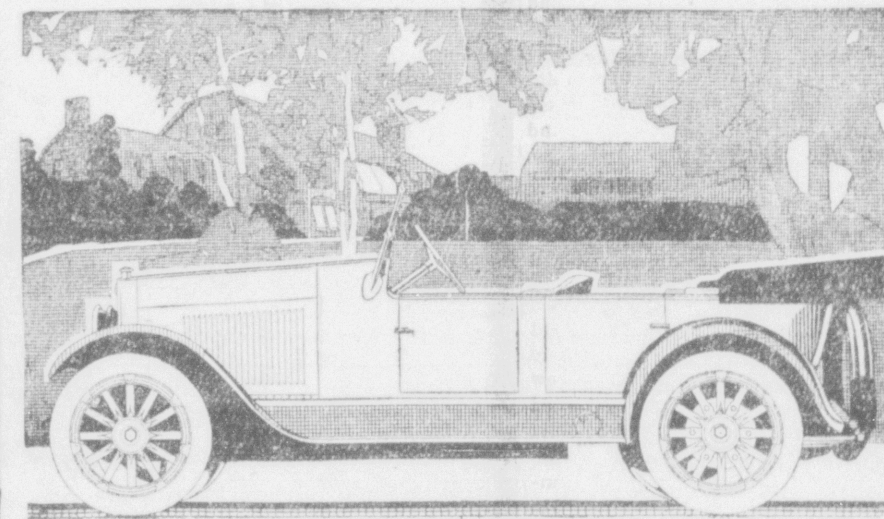

Thus the heavy "gas" is turned into a "dry cloud" and before it has the slightest chance to revert to "mist" it is rushed via the Ram's-horn manifold into the cylinders.

As the spark plugs touch off this finely vaporized fuel you get instantaneous combustion and maximum power.

You get smoothness, the absence of vibration and the consequent saving in repair bills from burned bearings, scored cylinders, fouled spark plugs and many troubles that are all traceable back to the inferior "gas" of the day.

Ride in a Chalmers and you, too, will say that it is one of the few great cars of the day.

ST. JOSEPH MAN CHIEF OF INTERNAL REVENUE DIVISION

Henry Uhlinger Will Direct Collections in Seventeen Counties of Northwest Missouri.

Henry Uhlinger, who has been in the internal revenue service in St. Joseph twenty-seven years, has been

made a division chief in the department, with internal revenue collections in seventeen northwest Missouri counties under his direction. Mr. Uhlinger was in Kansas City Monday and Tuesday in conference with George F. Crutchley, collector for the Sixth internal revenue district, which embraces the western half of Missouri. Heretofore the

Kansas City office has directed the activities of the special collectors in the whole district, but now the seven-teen northwestern counties of the state, organized into the second division of the district, will be wholly under Mr. Uhlinger's direction. G. A. Biley, who has been an assistant in the internal revenue office here since last October, is the new

assistant chief. Six other men, all of whom have been working in this district, will form the remainder of the staff for the present.

The St. Joseph office will be headquarters for the following named counties: Atchison, Holt, Andrew, Buchanan, Clinton, DeKalb, Gentry, Worth, Nodaway, Harrison, Davies, Sullivan, Grundy, Mercer, Livingston, Caldwell and Putnam.

No offices will be maintained in the district outside of St. Joseph except for three or four days each year at Trenton (Grundy County), Maryville (Nodaway County), and Chillicothe (Livingston County) for the purpose of collecting income taxes.

Uhlinger was appointed to the revenue service in 1894, and has served during both Democratic and Republican administrations. His duties have almost completely changed in this time, the prohibition law having changed the liquor industry for the office from a matter of tax collection to a complicated scheme of permits and prohibition enforcement.

COLLEGE SCHOLARSHIP IS TO BE ESSAY AWARD

High School Pupils of Country to Compete in National Contest.

High school pupils of the country are to be given an opportunity to compete for a four-years' university scholarship to be awarded for the best essay submitted in connection with Ship by Truck-Good Roads Week, May 17-22, according to an announcement made today, which said that the essays will be read and the prizes awarded by judges to be appointed by the Federal Bureau of Education.

The contest, it is said, is for the purpose of focusing public attention on the necessity for good roads and the feasibility of the motor truck as a short haul medium.

According to plans approved by Commissioner of Education, P. P. Claxton, contestants to be eligible to compete for the national prize first must have won one of the prizes to be awarded by various organizations and individuals in their respective communities. The national prize is to be known as the H. S. Firestone University Scholarship, and will be given in any college or university chosen by the winner. All High School pupils may submit a five hundred word essay, which must be entitled, "Ship by Truck and Good Roads," but if the national prize is won by any pupil other than a senior, the award will be deferred until the winner is ready to matriculate at the institution of his choice.

Judges who will make the national award will be named by Commissioner Claxton before May 22, by which time all essays must be submitted. School Superintendents and principals of High Schools are being acquainted this week with the terms of the contest and it is expected, more than one million essays will be written upon this subject, serving to accentuate the interest and to widen the scope of discussion to be created by Ship by Truck-Good Roads Week, during which time caravans of motor trucks will tour every section of the country.

Organizations whose members are lending the weight of their influence and activities toward making the week a success, include the American Automobile Association, the United States Chamber of Commerce, the American Automobile Chamber of Commerce, the National Grange, the Ship by Truck Bureau, the Army, the Navy, and churches and schools generally.

State Superintendents of instruction are being requested to direct their contest within their common wealth. Prizes are to be awarded in each community and will be determined by local committees.

Announcement of other national prizes to be awarded by organizations which are lending their support to the program for the week is expected to be made soon. H. C. Firestone, donor of the scholarship, is originator and sponsor of the Ship by Truck movement.

MODART CORSETS Front Laced

are an economical purchase

THE MODART Corset is essentially a figure-shaping garment. It is beautifully and symmetrically designed to train the figure into lines of beauty and to maintain those lines when once obtained.

To this end every woman should have at least two corsets, for all corsets should be laundered from time to time.

MODART Corsets are constructed of materials that will stand constant laundering, without losing their shape. The boning and clasps have a rubberized covering that renders them impervious to water.

These features in the MODART are well worth considering for many corsets are made with meagre steel or paper covered ones. Water melts the paper. Some corset cloths are so full of starch and other filling matter that they lose their shape when laundered. Not so with the MODART. It retains its shape until worn out.

MODART prices are moderate considering the value delivered, and the prices range from those for the plainest of cottons to the fanciest of silks.
